## Understanding the lingo

CV stands for commissionable volume. This is calculated based on what items that qualify for commissions.

PV stands for personal volume. This is calculated based on what you personally buy.

PGV stands for personal group volume. This is calculated based on what your personally sponsored distributors buy.

Personally Sponsored distributor means that you had referred the distributor into the business.

Binary refers to the binary system of having a left leg and right leg only.

Power leg means the stronger of the 2 legs in your binary.

## 6 revenue streams

- 1 Get paid when you enroll a new distributor who makes a purchase
- 2 Get paid when your customer (non-distributor) makes a purchase
- 3 Get a team bonus based on your "lesser leg"
- 4 Get a bonus based on your distributor's work
- 5 Get paid based on the Company's success.
- 6 Get paid for being a LEADER.

## Achievement Unlocked

We recognize your hard work and want to celebrate your achievements with you.

As you build your business, you'll achieve different ranks. Here's the list of the ranks you can get, how to get it, and what achievements it comes with:

| Rank  | Rank Advancement Requirements  | Total Personal Group Volume Required | Benefits   |
|--|---|--------------------------------------|--|
| Member   | Be Active   | 400                                  | Certificate of Achievement   |
| Builder  | Be Active   | 900                                  | Certificate of Achievement   |
| Team Leader  | Be Active<br>1 Personally Sponsored Distributor on the power leg to be active                                     | 2,700                                | Certificate of Achievement   |
| Senior Team Leader   | Be Active<br>1 Personally Sponsored Distributor on the power leg  | 5,400                                | Senior Team Leader Pin   |

| Director   | Be Active<br>2 Personally Sponsored Distributors on the power leg   | 45,000                               | Director Pin<br>Sustained Achievement Award of USD6,000            |
| Executive Director   | Be Active<br>2 Personally Sponsored Distributors on the power leg   | 90,000                               | Executive Director Pin<br>Sustained Achievement Award of USD12,000 |
| Vice President   | Be Active<br>2 Personally Sponsored Distributors on the power leg   | 270,000                              | Vice President Pin<br>Sustained Achievement Award of USD18,000     |
| President  | Be Active<br>2 Personally Sponsored Distributors on the power leg   | 540,000                              | President Pin<br>Sustained Achievement Award of USD30,000          |

All ranking qualifications are calculated on PERSONAL GROUP VOLUME from either the left or right leg.

Total group volume is calculated over 4-weeks and is based on the PERSONAL GROUP VOLUME of both the legs.

If the rank requirements is "1 personally sponsored distributor on the power leg", it means you must have 1 personally sponsored distributor on the power leg. The weaker leg does not have to match.

All Sustained Achievement Awards apply ONLY IF the rank is maintained for any 2 months within a 12-month period. The count starts from the week you make your initial purchase. It does not have to be 2 consecutive months. The Award is only eligible once per person, per rank.

## FAST START BONUS

Get paid when you enroll a new distributor who makes a purchase

When you sponsor/refer a new distributor to the business, and they make a first purchase, you get a Fast Start Bonus of 45% of their CV.

Example:

## CUSTOMER BONUS

Get paid when your customer (non-distributor) makes a purchase.

For every person who buys as a customer (instead of a distributor), you get a referral bonus of 35% of the CV that was purchased.

Example:

If everyone of your customers buys 1,000 CV, you will get 35% of 1,000 CV per person = US\$350.  
For 5 people, it would be US\$1,750.

## TEAM COMMISSION

Get a team bonus based on your "lesser leg"

Make sure you sponsor at least 1 person on each leg

Example:

Week 1

Total CV on each leg is calculated every week.

You will get 20% of the CV of your weaker leg. Let's say your weaker leg has 10,000 CV total, you would get 20% of 10,000 CV = US\$2,000

There is a weekly cap of US\$20,000.

Week 2

|                |          |          |
|----------------|----------|----------|
| Carry forward: | 2,000 CV |          |
| Earn:          | 2,000 CV | 6,000 CV |
| Total:         | 4,000 CV | 6,000 CV |

Commission: 20% = US\$800

Week 3

|                |   |          |
|----------------|---|----------|
| Carry forward: | 0 | 2,000 CV |

## POWER MATCHING BONUS

Make sure you sponsor at least 1 person on each leg

It takes effort to groom your distributors and prime them for success. We want to reward you for taking the time to build the talents and the business efforts of your team. We do this, by giving you a bonus based on your distributors' team commission.

The people you personally bring in are your 1st generation. The distributors that they bring in are your 2nd generation, and it keeps going. The bonus gets counted to 5 generations. The percentage you get is dependant on your rank.

| Rank  | Team Leader | Senior Team Leader | Executive | Manager | Director | Executive Director | Vice President | President |
|-------|-------------|--------------------|-----------|---------|----------|--------------------|----------------|-----------|
| Gen 1 | 15%         | 15%                | 15%       | 15%     | 15%      | 15%                | 15%            | 15%       |
| Gen 2 | -           | 10%                | 10%       | 10%     | 10%      | 10%                | 10%            | 10%       |
| Gen 3 | -           | -                  | 10%       | 10%     | 10%      | 10%                | 10%            | 10%       |
| Gen 4 | -           | -                  | -         | 5%      | 5%       | 5%                 | 5%             | 5%        |
| Gen 5 | -           | -                  | -         | -       | 3%       | 3%                 | 3%             | 3%        |

There is no limit to how many Gen 1, Gen 2, Gen 3, Gen 4 or Gen 5s you can have. But they MUST have a team commission in order for you to get your Power Matching Bonus.

What happens if one of my generations does not have TC?

We will do what is called an "upwards compression". Say for example your Gen 2 did not earn any TC, but Gen 3 has TC. We will "promote" your Gen 3 to Gen 2. Then your Gen 4 becomes Gen 3. We will keep "promoting" your generations until you get paid for all the 2, 3, 4 or 5 generations that your rank entitles you to.

## BONANZA BONUS POOL

Get paid based on the Company's success

To qualify for this Bonus Pool, distributors must:

1. Purchase a BONANZA bundle.
2. Maintain the rank of Team Leader for any 2 months within a 12-month period. The count starts from the week you make your initial purchase. It does not have to be 2 consecutive months.

The bonus is paid in the last week of the following month. So, if you bought a BONANZA bundle, and are a Team Leader in January, and June, you will get the BONANZA Bonus Pool reward in the last week of July.

Once you qualify, you will be eligible for the pool until the Bonanza activation expires.

The Pool is 3% of the Country's total Commissionable Volume for the month. This means that every country has their own BONANZA Pool. The pool for the month will be divided among those who qualify for the month.

## LEADERSHIP BONUS POOL

Get paid for being a LEADER

To qualify for this Bonus Pool, distributors must:

1. Maintain the rank of Senior Team Leader for any 2 months within a 12-month period. The count starts from the week you make your initial purchase. It does not have to be 2 consecutive months.
2. Purchase at least 60 CV for the 2 Senior Team Leader qualifying months.

The bonus is paid in the last week of the following month. So, if you are a Senior Team Leader in January, and June, you will get the Leadership Bonus Pool reward in the last week of July.

Once you qualify for the Leadership Bonus Pool, you will qualify every month so long as you are active for 2 consecutive months.

The Pool is 3% of the total Company Commissionable Volume. Yes, all the individual countries Commissionable Volume will be added together, so this is as big as the pool can get. The pool for the month will be divided among those who qualify for the month.

## STAY ACTIVE

If you are “active”, you qualify for all the revenue streams and bonuses.

If you are “inactive”, you DO NOT qualify for any revenue stream or bonus.

How to be active you ask? You just need to buy something. There are a variety of products that you could select from. For our business builders, our entrepreneurs, our influencers, we have curated the following to help you jumpstart your business:

| Entry Package   | Activation |
|-----------------|------------|
| BONANZA         | 12 Months  |
| Entrepreneur    | 8 Months   |
| Executive       | 4 Months   |
| Daily Essential | 3 Months   |
| Enterprise      | 12 Months  |
| Ultimate        | 12 Months  |

Activations are calculated from the date you purchase the item. You can also purchase these special bundles over and over again.

Focusing on improving your health and lifestyle rather than build a business? No worries. You can buy anything in our stable of products. Any purchase with at least 60 CV comes with 4 weeks of activation.

### What does “from the week you buy” mean?

Our week starts on a Sunday, 00:00:00 US CST. It ends on Saturday 23:59:59 US CST.

Here’s a convenient cheat sheet:

| Country      | Start of week   | End of week       |
|--------------|-----------------|-------------------|
| USA (US CST) | Sunday 00:00:00 | Saturday 23:59:59 |
| Singapore    | Monday 13:00:00 | Monday 12:59:59   |
| Japan        | Monday 14:00:00 | Monday 13:59:59   |
| Thailand     | Monday 12:00:00 | Monday 11:59:59   |

When commissions are calculated, it starts from the week you buy.

If you bought products on 1-6 Feb, regardless of the day, it would be considered week 1. If you bought products on 7 Feb, your week 1 would be 7-13 Feb.

Example:

### February

| Sun | Mon | Tue | Wed | Thu | Fri | Sat |
|-----|-----|-----|-----|-----|-----|-----|
|     | 1   | 2   | 3   | 4   | 5   | 6   |
| 7   | 8   | 9   | 10  | 11  | 12  | 13  |
| 14  | 15  | 16  | 17  | 18  | 19  | 20  |
| 21  | 22  | 23  | 24  | 25  | 26  | 27  |
| 28  |     |     |     |     |     |     |

Team Commissions have a 4-week cap of US\$60,000. The Company reserves the right to alter this amount and combination of commission/bonus channels.

## How are CVs calculated?

### Example:

If no Fast Start Bonus is payable, then 100% of CV gets counted towards Personal Volume.
